May

Saturday, May 23
Lakes Alive! Exhibit Open House
At the Museum, we’ve been asking “What life lurks beneath our lakes?” Dive in! to the Museum’s 2015 exhibit, “Lakes Alive!” and find out! Explore the cycles, systems, and mysteries that connect lakes with uplands, and you with lakes. You’ll never look at lakes the same way again. Stop by the Museum to celebrate and learn more between 2:00 and 4:00 p.m. Refreshments will be served. Donations accepted. Thanks to Coop’s Pizza for sponsoring our fish tank!

June

Saturday, June 6
Nature Lab
Drop in between 10:00 a.m. and noon to discover something new!

Tuesday, June 9
Youth Photography Class
Learn the basics of good photography and close observation of nature by “framing” with local photographer, Dale Thomas, and Naturalist Emily Stone. Kids ages 8-12 can join us from 12:30-3:30 p.m. for outdoor photography and indoor photo critique. Simple digital cameras will be provided for the class. Hone your skills and then enter the Living Light Photography Contest! This program is free, but please register with the Museum by June 8. Presented in memory of Seddie Cogswell.

Wisconsin Breeding Bird Atlas
Join Museum Naturalists and guest experts to put your love of birds to work and learn to birdwatch in a new way by closely observing bird behavior. The Wisconsin Breeding Bird Atlas is a comprehensive field survey from 2015-2019 that documents the distribution and abundance of breeding birds. Add your name to the list, and we’ll contact you when our birders are going “atlasing.” Sign up with emily@cablemuseum.org.

Connecting YOU to the Northwoods!
Monday, June 15-Saturday June 20
Wisconsin Master Naturalist Volunteer Training
The WIMN Volunteer Training Course is a 40-hour series of classes and field trips. The course covers geology, ecology, plant communities, wildlife, interpretation, water, water life, and human impacts through lectures and field trips with local experts. Become a certified naturalist! Register by May 27. Cost is $250. For info and to register visit www.wimasternaturalist.org.

Saturday, June 20
Cable Garden Fest: Gardens for water and wildlife!
Gardens are much more than a source of vegetables, fruits, and pretty flowers. From providing food for pollinators to filtering water, gardens benefit many. Join Museum Naturalist, Elsa Hansen, to tour the Museum’s various gardens and learn more! 10:00-11:00 a.m. at the Museum. Donations accepted.

Tuesday, July 7 — Thursday, July 9
Forest Lab Intermediate Program: Paddle the Namekagon
Join us for fun, rapids-running, fishing, and river ecology on this two night/three day canoe trip on the Namekagon River for paddlers ages 12-18 years old with some experience. Whitewater skills will be taught by an experienced guide from Lost Creek Adventures. All paddling, camping, and fishing gear is provided by the National Park Service, and a NPS Ranger will give an evening campfire program. Young adults can really hone their wilderness skills as they carry all their gear and food down the river with them. Meet at the Museum at 9:00 a.m. on Tuesday. Return by 3:00 p.m. on Thursday. Space is limited. Register by July 1. $10 per student.

Friday, June 26
Natural Play Area Playgroup in the Garden
Plant some seeds. Watch things grow. Develop a taste for adventure. Kids ages 3-6 and their family can experience the Cable Community Farm’s Growing Together Garden. 10:30 a.m.-12:00 p.m. at 13765 Perry Lake Road in Cable. Registration by June 25 is appreciated. $5 member/$7 non-member per family.

Saturday, June 27
Introduction to Geocaching at the NGLVC
What happened to following the north star? Join Elsa Hansen, Museum Naturalist, to explore the new way of navigating with a GPS. We’ll start with the basics, then hit the trail for a geocaching adventure, finding hidden treasures in the local area using GPS. Meet at the Northern Great Lakes Visitor Center in Ashland, WI, at 10:00 a.m. at the NGLVC. Register by June 25, by calling the NGLVC at 715-686-9983. $5 per person.
Friday, July 10  
**Owl Prowl**
Join Naturalist Susan Thurn on a nighttime hike to learn about the natural history of Wisconsin’s owls and try calling in barred owls. Meet at the North End Trailhead at 8:00 p.m. to learn more about nature’s best mouse trap and maybe see or hear one up close! Donations accepted.

Saturday, July 11,  
**Native Plant Workshop at the Cable Community Farm**
Join Sarah Boles, native plant expert and owner of Northern Native Plantscapes, as we create a native plant garden that is designed to attract pollinators. We will discuss the varieties of plants that are most beneficial to our area and get our hands dirty planting over 200 native plants to create a beautiful new garden space at the Cable Community Farm. 9:00-11:00 a.m. Email katie@cablecommunityfarm.org for more info. Free!

Tuesday, July 14  
**Forest Lab Intermediate Program: Snorkeling the River**
Join a National Park Service Ranger to explore the depths of the Namekagon River. Through jungles filled with monsters and dangerous predators (on the mini-scale), this is an adventure you don’t want to miss! Young adults ages 12-18 can meet at the Museum at 1:00 p.m., return by 3:30 p.m. This program is free, but please register by July 13.

Wednesday, July 15  
**Dinner with a Wine Expert**
Join Dr. Erica Hannickel, associate professor of environmental history at Northland College and author of *Empire of Vines: Wine Culture in America*, for engaging dinner conversation at the Rivers Eatery. 5:30-6:30 p.m. Then see her lecture at the Cable Community Centre.

Wednesday, July 15  
**Joseph Jenkins Lecture Series: Midwestern Grapes...and Wine!**
Long before the Napa Valley came to prominence, in the two decades before the Civil War, Cincinnati was America’s wine-growing capital. Dr. Erica Hannickel, associate professor of environmental history at Northland College and author of *Empire of Vines: Wine Culture in America*, will share little-known American grape stories, debunk a few wine myths, and outline some of the features of today’s Midwestern wine renaissance. 7:00 p.m. at the Cable Community Centre. Sponsored by Henry and Jodi Kingdon. Donations accepted.

Thursday, July 16  
**Loon Pontoons on Lake Namakagon**
Learn amazing facts about these ancient birds and the beautiful lakes where they live while touring Lake Namakagon on a pontoon boat. Museum Naturalist Emily Stone will share stories about the facts and fantasies behind this Northwoods icon. Meet at the Museum at 9:00 a.m. and return by noon. Space is limited. Registration is required. $35 member/$40 non-member.

Thursday, July 16  
**Lake Association Exhibit Social**
Local lake association members do much to keep our lakes healthy for everyone’s benefit. Lake association members from Ashland, Bayfield, and Sawyer Counties may join us for a special viewing of the “Lakes Alive!” Exhibit, and enjoy networking with folks from other lakes. Refreshments. 5:00-7:00 p.m. RSVP by July 9.

Friday, July 17  
**Printing with Natural Dyes (Adult Naturalist Program)**
Anna Carlson, professional artist and textiles/apparel designer, likes to create an environment where learners can experiment, make mistakes, and have fun. She designs for industry and individuals, and creates visual art using a wide range of printing and dyeing techniques. View her work at www.annacarlson.com. Join her from 9:00 a.m.-noon at the Museum to explore printing with natural dyes. Anna will provide silk screens for printing haiku poetry, and you may add leaf-prints if you wish. Bring a white or light-colored, well-washed cotton or silk fabric item to print on, or purchase a silk scarf or dish towel at the class. Email Anna if you have questions about the item you want to bring: annacarlsondesign@gmail.com. Space is limited. Register by July 7. $45 member/$50 non-member.

Friday, July 17  
**Introduction to Geocaching**
What happened to following the North Star? Join Elsa Hansen, Museum Naturalist, to explore the new way of navigating with a GPS. We’ll start with the basics, then hit the trail for a geocaching adventure, finding hidden treasures in the local area using GPS. We will meet at the Cable Natural History Museum at 1:00 and return by 3:00 p.m. Register by July 15. $10 member/$15 non-member.

Saturday, July 18  
**Loon Population Survey**
Every five years since 1985, LoonWatch has conducted a one-day loon survey on a pre-selected group of lakes to estimate the size and distribution of Wisconsin’s Common Loon population. This information is then used to estimate the number of breeding adults and the number of chicks produced. Over time, the survey tells us the trend in the state’s loon population—whether it is stable, increasing or declining. Join Naturalist Emily Stone for a canoed-powered loon counting session at North Twin Lake east of Cable. Meet at 8:00 a.m. at North Twin Lake and finish by 10:00 a.m. Register by July 17. There will be a rain date on July 25, if needed.

Saturday, July 18  
**Rivers Are Alive with the National Park Service**
Explore the world of the Namekagon River with the National Park Service. Step into the river with nets and discover what lies beneath the water’s surface. Bring water shoes and dress for getting wet! Meet at the Cable Wayside Landing, Hwy 63. 10:30-11:30 a.m.

Saturday, July 18  
**Live Raptor Program at the NGLVC**
Meet one or more of the Museum’s live education raptors in person! Aldo the American Kestrel, Carson the Red-tailed Hawk, or Theo the Great Horned Owl will teach you all about the amazing world of raptors. 10:00-11:00 a.m. At the Northern Great Lakes Visitor Center in Ashland, WI. Please come early to find a seat. Donations accepted.

Sunday, July 19  
**Celebrate the Forest Lodge Library’s 90th birthday!**
The Forest Lodge Library will be celebrating with a block party on the CNHM/FLL grounds from 12:00 to 4:00 p.m.

Tuesday, July 21  
**Forest Lab Intermediate Program: Electro-Shocking Science**
Just how do scientists study fish in our area lakes and rivers? Frank Pratt, retired Fisheries Biologist from the Wisconsin DNR, will teach us about a research method called electro-shocking used to survey fish populations. Be prepared to get wet! Young adults ages 12-18 can meet at the Museum at 1:00 p.m. and return by 3:00 p.m. Space is limited. Please register for this free program by July 17.
2015 Summer Calendar of Events

Wednesday, July 22
Joseph Jenkins Lecture Series:
Visionary Conservation: The International Crane Foundation
For 40 years and throughout much of the world, the International Crane Foundation (ICF) has been committed to saving cranes and ecosystems, watersheds, and flyways on which they depend. Learn how ICF identifies and advances emerging conservation leaders to help cranes and their landscapes. Discover the 15 crane species of the world through beautiful photographs, personal stories, intriguing science, and an engaging discussion with Cully Shelton, Interpretive Programs Manager at ICF. 7:00 p.m. at the Cable Community Centre. Sponsored by Henry and Jodi Kingdon. Donations accepted.

Thursday, July 23
Lake Owen Pontoon Tour
Museum Naturalist Emily Stone will bring to life Lake Owen’s natural history as you tour the lake on a pontoon boat. Learn about eagles, loons, and what lies beneath. Meet at the Museum at 9:00 a.m., return by noon. Space is limited. Registration is required. $35 member/$40 non-member.

Friday, July 24
Birding by Kayak on the Namekagon River
Bring your eyes, ears and sense of adventure for a morning paddle down the Namekagon River with Museum Naturalist, Elsa Hansen. Learn the basics of paddling and then set off to search for the feathered inhabitants of the river. Beginners and experienced paddlers (and birders) are welcome. Meet at the Cable Natural History Museum at 8:00 a.m. Return by 12:00 p.m. Space is limited. Register by July 22. $37 member/$45 non-member.

Saturday, July 25
Bobbysocks & Blue Suede Shoes
Cable Natural History Museum Summer Benefit
Dust off your saddle shoes and break out the sock hop or greaser garb! Have a blast and get back to the 50’s at this year’s Summer Benefit! Food, auction, and live music held under a beautiful tent on Lake Owen. Silent auction, food & drink begin at 5:00 p.m. Live auction and music by The Rockin Hollywoods to follow. Tickets can be purchased by calling the Museum at 715-798-3890. Childcare is available. Registration is required. Please call for details.

Tuesday, July 28
Forest Lab Intermediate Program:
Treasures of the Secret Bog
Carnivorous plants, hidden gems, and 10,000 years of history await us in the Secret Bog. Wear your grubby shoes or mud boots, and bug spray for this adventure! Young adults ages 12-18 can meet at the Forest Lodge Nature Trail at 1:00 p.m., return by 3:00 p.m. This program is free, but please register by July 27.

Wednesday, July 29
Dinner with Naturalist and Author, John Bates
Join John Bates, author of Graced by the Seasons and A Northwoods Companion for engaging dinner conversation at the Rivers Eatery. 5:30-6:30 p.m. Then see his lecture at the Cable Community Centre!

Wednesday, July 29
Joseph Jenkins Lecture Series: The Far Side of Wildlife Ecology
The Big Bang, natural selection, population dynamics, adaptations, reproductive strategies, animal behavior, wildlife management, etc. Here's Wildlife Ecology 101 through the comic lens of Far Side, Calvin and Hobbes, and others. Laugh your way to knowing more about wildlife while you’re paddling. John Bates, local naturalist and author will present at 7:00 p.m. at the Cable Community Centre. Sponsored by Henry and Jodi Kingdon. Donations accepted.

Thursday, July 30
A Nature Walk with John Bates
Join a Northwoods author on an exploration of nature, poetry, and prose. Expect a short walk, beauty, and inspiration. Register by July 29. Call 715-798-3890 to find out where we’ll meet. 9:00-11:00 a.m. $5 member/$10 non-member.

Friday, July 31
Natural Play Area Playgroup — Fairy House Day!
Build fairy houses made of bark, moss, and other natural objects. Look outdoors for new discoveries. Kids ages 3-6 and their family can experience the Museum’s new Wayside Wanderings Natural Play Area with Sue Thurn and Vivianne Hanke. 10:30 a.m.-12:00 p.m. at 43135 Randysek Road in Cable. Drop-ins are welcome, but registration by July 29 is appreciated. $5 member/$7 non-member per family.

Friday, July 31
“New Light under the Surface” Opening Reception
Join us for the opening of the “New Light under the Surface” exhibit from 1:00-3:00 p.m. at the Museum. This exhibit engaged at-risk youth through nature photography in the Namekagon River and St. Croix National Scenic Riverway. Armed with waterproof cameras, high-powered lights, wetsuits, snorkel gear, and more than a little grit, the young men of Northwest Passage have spent recent months trailblazing a new realm experienced by incredibly few. It has been a photographic journey of discovery, hope and healing. Their stunning photographs are showcased in this touring exhibit. Ben Thwaits, Northwest Passage teacher, and some of the youth will be on hand to talk about their experience. Refreshments will be served.

August
Saturday, August 1
Junior Ranger Program: Bald Eagles
Paddlers on the St. Croix and Namekagon Rivers sometimes glide right under this magnificent national symbol. Come learn about the lives of bald eagles in every season. This fun program, along with other activities developed for children ages 8-12, will help you to earn a National Park Junior Ranger badge and certificate. 10:30-11:30 a.m. at the Museum. Free.

Saturday, August 1
Buckskin Pouch Workshop
Learn how to make your own handy buckskin pouch! Students will select, cut, lace and finish a useful and attractive pouch. All tools and white-tailed deer buckskin will be provided. The class is open to all ages and abilities, although small hands require dedicated helpers. 1:00-3:00 p.m. Register by July 28. $5 member/$10 non-member.

Tuesday, August 4
Cable Lake Pontoon Tour
Museum Naturalist Emily Stone will bring to life Cable Lake’s natural history as you tour the lake on a pontoon boat. Learn about eagles, loons, and what lies beneath. Meet at the Museum at 9:30 a.m., return by noon. Space is limited. Registration is required. $35 member/$40 non-member.

P.O. Box 416 • Cable, WI 54821 • (715) 798-3890 • info@cablemuseum.org • www.cablemuseum.org
Wednesday, August 5
Art in the Park (Adult Naturalist Program)
Local artist Diana Randolph will give classroom instruction on sketching nature, then the class will venture to a site on the Namekagon River, part of the St. Croix National Scenic Riverway. A National Park Ranger will give a short program about the history and nature of the river, and Museum Naturalist Emily Stone will be on-hand to interpret the local natural history. Diana will continue giving sketching hints as participants enjoy the natural beauty. Meet at the Museum at 10:00 a.m. and return by 3:00 p.m. Lunch is provided. Register by July 31. A supply list will be mailed or emailed to those who register. $40 member/$45 non-member.

Wednesday, August 5
Joseph Jenkins Lecture Series:
A Look at Birch Bark—From Forest to Home
Vladimir Yarish, a world-renowned birch bark artist, will talk about harvesting birch bark and roots in northwestern Russia, give some history of birch bark work in ancient Novgorod, and discuss traditional peasants’ use of and work with bark for their needs at home. Progressing to the present, he will talk about contemporary birch bark work, both traditional and contemporary. And he will tell about his teaching work and studio in Russia. 7:00 p.m. at the Cable Community Centre. Sponsored by Henry and Jodi Kingdon. Donations accepted.

Thursday, August 6
Russian Birch Bark Basket Class
Join Vladimir Yarish, a world-renowned birch bark artist, to create your very own traditional, beautiful basket. 9:00 a.m.-3:00 p.m. at the Museum. Register by August 1, to receive your supply list. $80 member/$90 non-member, plus a materials fee of $40 to $120 based on the basket you choose to weave.

Thursday, August 6
Loon Pontoon on Lake Namakagon
Learn amazing facts about these ancient birds and the beautiful lakes where they live while touring Lake Namakagon on a pontoon boat. Museum Naturalist Emily Stone will share stories about the facts and fantasies behind this Northwoods icon. Meet at the Museum at 9:00 a.m. and return by noon. Space is limited. Registration is required. $35 member/$40 non-member.

Friday, August 7
Explorers Club at the Hayward Library
Explore the wetlands and forests behind the Hayward Library with Museum Naturalist Emily Stone. Get wet and muddy as you search for frogs, water bugs, learn about wetlands, and have lots of fun! For kids entering grades 3-6. Wear clothes and shoes that can get wet. 10:30-11:30 a.m. Free!

Friday, August 7
Butterfly Treasure Hunt
How often have you seen a butterfly that seemed out-of-the-ordinary? With all of their unique colors and patterns, they can be hard to tell apart. Let Eric North, local ecologist and butterfly aficionado, help you hone your identification skills. Meet at the Cable Natural History Museum at 1:00 p.m. and be prepared for a short walk or drive. Return by 2:30 p.m. All ages are welcome. Register by August 6. $5 member/$10 non-member or $10/$20 per family.

Saturday, August 8
Cable Natural History Museum Garden Tour
Tour several fabulous gardens in the town of Cable from 10:00 a.m.-3:00 p.m. You will see clever garden designs in unique settings and learn about pollinator gardens and rain gardens. We are also proud to include the Cable Community Farm. Registration is required. Tickets are $10 and can be purchased at the Museum. You will receive a map of the garden locations when you purchase your ticket. All proceeds benefit the Cable Natural History Museum.

Thanks to our many partners, sponsors, and supporters!

Programs offered in partnership through the National Park Service St. Croix National Scenic Riverway.

Programs offered in partnership with the Cable Community Farm

We also thank the Mary Livingston Griggs and Mary Griggs Burke Foundation for their generous program support.

Becoming a Member of the Cable Natural History Museum has never been more beneficial!
The benefits of Museum membership include:
- unlimited free admission,
- reduced rates on our nature and education programs
- discount on items in the Museum Shop
Members play a vital role in supporting exhibits, programs and special events. Annual memberships start at just $30. Visit www.cablemuseum.org for more information, and to become a member today! Thanks to our current members, whose support makes our events possible!

Get Involved — Become a Museum Volunteer!
Volunteers are always needed and appreciated. Call our Volunteer Coordinator, Beda McKinney, at 715-798-3890.

Museum Admission:
All current members will be granted free admission to the Museum at all times. All other adult visitors to the Museum are charged a $5 admission fee. Children (up to the age of 18) always have free admission. On Tuesdays, admission is free for all visitors.

The Mission of the Cable Natural History Museum is:
Connecting people to Northwoods nature through educational experiences that inspire wonder, discovery, and responsibility.
